### **Education/Qualifications**

B.Sc. in Computer Engineering, Engineering Collage, University of Mosul, 2002.

Grade: very good, Rank (2) out of (20)

M. Sc. In computer Engineering, Engineering Collage, University of Mosul, 2010.

Rank (2) out of (6).

### **Technical Skills**

1. MATLAB programming
2. Microprocessors and microcontrollers assembly language programming.
3. Arduino IDE programmes

### **Employment to Date/Work Experience**

Assistant lecturer at University of Ninava/ College of Electronic Engineering, Computer and Information Engineering Department, responsibilities are:

- Explaining experiments for undergraduate students in electrical and logic lab, microprocessor lab, electronic and communication lab.
- Lecturer of the course: (computer science) for three years.
- Tutorial for the electrical networks course.
- Tutorial for the communication course.

- Supervisor of the lab course: computer science first class lab
- Co-Supervision of the lab. course: 8086 and 80386 Microprocessor
- Co-Supervision of the lab. course: 8051 Microcontroller
- Co-Supervision of the lab. course: electrical and logical first class lab.

Courses:

1. Digital Prototyping.
2. Wireless control using Arduino chip.
3. Digital System Design Using FPGA and VHDL, 2018
