

Khalis Mohammed Shahadha

POSITION TITLE

A recent university graduate with a master's degree in physical chemistry, and now studying a PhD in biochemistry in the research phase, with good experience in linking theoretical study with experimental study and producing amazing analytical results, I aim to benefit from the acquired academic knowledge and practical experience to occupy a teaching position at your university. Effectively, I have a proven track record of improving test scores as well as teaching effectively, have the ability to work in a team spirit and solve problems and disputes professionally, and have experience communicating complex information in a simple and entertaining way. I look forward to contributing my knowledge and skills to a university that offers a real opportunity for professional advancement.

WORK EXPERIENCE

Free lectures in Rabia schools

I worked as a teacher of chemistry for the final stages of each of the sixth preparatory and third intermediate grades

Chemical analyst

I worked as a chemical analyst at Al-Razi Pathological Analysis Laboratory in Nineveh Governorate

EDUCATION

Bachelor's degree

I got a bachelor's degree from the University of Mosul, college of Science, Department of Chemistry, and I got the fourth sequence in the department, with a range of (76.947%) despite the circumstances that the city of Mosul suffered from, I completed the final exams in the governorate of Dohuk and also completed the fourth stage in the governorate of Kirkuk

Master's degree

I got a a master's degree from the University of Mosul, college of Science, Department of Chemistry, majoring in Physical Chemistry, with a grade of excellent

COURSES

English language course

I got a certificate in English language proficiency which, from the University of Mosul, College of Arts, Department of Translation, grade is very good

Computer course

I got a certificate of participation in the computer proficiency course that was held at the University of Mosul, the Electronic Calculator Center, with a grade of very good

Chemical safety and security officers training

Created by controlling plant chemistry and intentional biology with a department that contains an educational center at the University of Mosul/Iraq ,1-6,October

University of Mosul and Tu Dortmund University

University of Mosul and Tu Dortmund University this is certify that iam has successfully p2019articipated and atteded the RESI-Summer School titled INTEGRATION GIVES NEW VISION Mosul/Dohuk , 20-25 July

▪ **experiences**

- The ability to work under pressure
- The ability to communicate
- Self-confidence
- Improving the work environment
- Compliance with the laws regulating work

▪ **Hobbies**

- Reading books and research
- The ability to communicate
- Self-confidence
- Improving the work environment
- Compliance with the laws regulating work

▪ **Published research**

International Journal of Advanced Science and Technology

A research entitled (*Theoretical prediction of pKa for amino acids and voltammetric behaviour of the interaction of paracetamol with alanine*) Within Scopes containers

Sagebrush and its relationship to human health

Graduate research entitled Sage and its relationship to human health submitted to the Council of the Faculty of Science - Department of Chemistry as part of the requirements for obtaining a Bachelor's degree in Chemistry

▪ ***Certificate of Achievement from the UK Public Health Rapid Support Team London School of Hygiene & Tropical Medicine***

has completed the following course: COVID-19: TACKLING THE NOVEL CORONAVIRUS LONDON SCHOOL OF HYGIENE & TROPICAL MEDICINE AND UK PUBLIC HEALTH RAPID SUPPORT TEAM With the outbreak of a novel coronavirus declared a pandemic by the World Health Organisation, people worldwide are working to address it. This course taught the latest of what we know about COVID-19, presented by international experts. 3 weeks, 4 hours per week

has completed the following course: ENGLISH FOR HEALTHCARE KING'S COLLEGE LONDON This online course explored language and communication skills relevant for a career in healthcare, and how to use these skills in different healthcare settings and professional situations. 4 weeks, 3 hours per week

has completed the following course: COVID-19: TACKLING THE NOVEL CORONAVIRUS LONDON SCHOOL OF HYGIENE & TROPICAL MEDICINE AND UK PUBLIC HEALTH RAPID SUPPORT TEAM With the outbreak of a novel coronavirus declared a pandemic by the World Health Organisation, people worldwide are working to address it. 7. Course Completion Certificate (*Training of Trainers (TOT) - Introductory Crash Course*), Certificate ID, <https://courses.edraak.org/certificates/3f189243084a480b9656773c4798dd7f>.
8. Course Completion Certificate (*Introduction to Drinking Water Treatment*) Certificate, ID <https://courses.edraak.org/certificates/fe1e6e2765b243b1b216e19cd58423e8>.
9. Course Completion Certificate (*Conflict between Coronavirus and Human Immune System*) Certificate, ID <https://courses.edraak.org/certificates/4a0a17c23d8f4bf7925058e02139e961>.
10. Course Completion Certificate (*Principles of Scientific Research*), provided by Amman Arab University, Certificate ID, <https://courses.edraak.org/certificates/699f6335d23e49b39aa1b1350a949e77>.

Edraak platform :

Completion Certificate (ICDL - Basic Skills), international computer driving license – base , Specialization courses

1. Computer Basics
2. Text processing
3. Data table
4. Internet basics

This certificate was granted on 4/14/2020 .

World Health Organization

▪ **World Health Organization**

The course includes two tracks. Each track is fully based on one of the WHO manuals on Influenza burden

- ❖ Estimating the Disease Burden associated with Seasonal Influenza
- ❖ Estimating Economic Impact of Seasonal Influenza
- ❖

The course included all methodological and practical issues to implement a successful burden of disease study, as covered in both manuals. This record of achievement is to testify that the participant has successfully demonstrated the knowledge to reach the required number of points in the final tests .

This influenza sentinel surveillance course provides web-accessible training on Influenza Sentinel Surveillance to public health practitioners and laboratorians

This course aims to:

- ❖ provide a public health background of influenza
- ❖ introduce the major steps and concepts involved in conducting public health surveillance; and
- ❖ discuss the rationale and objectives for conducting sentinel surveillance for influenza.

Record of Achievement

COVID-19: Operational Planning Guidelines and COVID-19 Partners Platform to support country preparedness and response .

Record of Achievement

has successfully completed the Health Cluster Coordination online learning modules Global Health Cluster .

▪ **University of Mosul - College of Engineering**

1. Course (Machinist Modeling and Its Applications) .
2. Course (Using (MENDELEY) software to manage and arrangent references) .
3. Course (programs to help explain the engineering drawing material (SKETCHUP ; GEOENZO)) .
4. Course (Use Techniques Microsoft Office in Scientific Research) .
5. Course (Skills and Tips for Package Services G-Suite) .
6. Course (The Dynamics of Qualitative and Grounded Theory in Multidisciplinary Research) .

▪ **Mahara-Tech electronic courses**

1. Developing Mobile Applications for Android using Java .
2. *Getting started as a freelancer (Upwork) .*
3. *Getting started as a freelancer (Upwork) (Sign Language) .*
4. *Freelancing Basics (Sign Language) .*
5. *Introduction to deep learning .*
6. *Building Web Applications using PHP & MYSQL .*
7. *Python Programming Basics .*
8. *IoT Applications Development using*
9. *MasterOfThings platform .*
